

Basic Wildland Search Skills

502201 Chaffee-Sardinia Fire Company September 17, 2022 09:00-17:00

Instructor John Kennedy

Chaffee-Sardinia Fire Company Station 2

12719 West Shutt Rd Sardinia, NY

Developed by the New York State Department of Environmental Conservation, the Basic Wildland Search Skills Course teaches the most basic skills needed to conduct searches in the wildland environment. Topics covered in this course include, basic search organization (Incident Command System), communications, search techniques, attitude and safety. This course concludes with a field exercise to practice the type 3 search technique (grid search) discussed in the classroom. Graduates of this course will receive a "Green Card" which will identify them as having successfully completed this course. This course is also a prerequisite to other more advanced search courses offered by the New York State Department of Environmental Conservation. Designed for: Fire service personnel Course Length: 8 hours Prerequisite: None
